

Warren Jeffrey Kingsbury

To Public Health Comm. Co-Chairs,

I am asking your support of HB-5144 which will allow access to biological family health information for adoptive persons.

I am an adoptive parent of son Christopher and strongly believe he should have access to any information regarding his ancestry that may be of interest or importance to him. Chris' biological father deserted his family and his biological mother lost her parental rights when he was five years old. He is about to reach adulthood has no interest in contacting them.

This bill should be passed retroactively and prospectively.

Thank You for Your Consideration,
