H.B No 5326- An act concerning compassionate aid in dying for terminal ill patients March 14, 2014

Daniela Cadavid

Members of the Public Health Committee

My name is Daniela and I am a senior at St. Paul Catholic High School in Bristol. I am writhing this letter in opposition to the proposal bill H.B No 5326- An act concerning compassionate aid in dying for terminally ill patients. As a student of a catholic high school we are thought that every life is important and valuable, regardless of the quality of that life. Not only should this bill not be accepted because of catholic believes, this bill should also be stopped because it is morally wrong. Assisted suicide is actively killing a person and it lowers the dignity of life.

Thank you for your time
