

Douglas Kenneth Peary

I am a retired Unitarian Universalist Minister. I have worked as a Chaplain in hospitals, been with dying parishoners, and watched my father, My wife, my two sisters, and other family members die of cancer. I do not want to cause anyone to die who doesn't want to die, I don't want to influence anyone to die, but I want the dying, including myself in the future, to have the Right to shorten the dying period to avoid pain and lingering discomfort and vegetating. I respect everyones right not to choose to die. I respect those who fear being killed, but I know no one who fights for the Right to die who want to kill people. Everyone has a right to choose what they want, and the dying need to have that choice. Please fight and vote for the Right to die.
