

Ernesto Roque HB 5326

My name is Ernesto Roque and I am a senior at St. Paul Catholic High School in Bristol. I am writing this letter in opposition to the proposed bill H.B. No 5326- An act concerning compassionate aid in dying for terminally ill patients. I don't support this bill because I feel that people are not in there rational state of mind in desperate when their in those situations. They are desperate, which makes them make desperate decisions. Life is sacred and is a gift from God, it would go against my religious beliefs and convictions if I support this bill. But also, personally aside from my religious beliefs, I know this is wrong and the value of life would decrease even more than it already is. Active taking life is wrong. I will finish this email by saying the fifth amendment, thou shall not kill. Thank you.
