H.B No 5326- An act concerning compassionate aid in dying for terminally ill patients March 17, 2014

John D. Konikowski

Members of the Public Health Committee,

My name is JD Konikowski and I am a senior at St. Paul Catholic High School in Bristol. I am writing this letter in opposition to the proposed bill H.B. No 5326- An act concerning compassionate aid in dying for terminally ill patients. Passing this bill would only lead to certain disaster. It would come people who could defiantly be saved but chooses to kill themselves. Just as abortion lead to disaster. It was originally created for victims in rape but now, anyone can do it. If it does get passed, please put strict limits on it. Such as condition the person is in and if the doctor thinks it's catastrophic for a person to live. I know you guys will make the right decision for the us.

Thank you for reading this, if you did.
