

Testimony in support of HB 5326
An Act Concerning Compassionate Care in
Dying for the Terminally Ill

I am in full support of HB 5326 because I believe that Compassionate Care in Dying for the Terminally Ill helps to alleviate long days and nights of endless suffering. This is not suicide nor is it an act of murder. It is an act of surrender by the dying and of voluntarily returning life to the Creator.

I am in full support of HB 5326 and hope the bill will pass for the State of Connecticut.
