

Steve M O'Hara  
HB 5326

Dear Legislature,

While it may seem very humane at times to end a suffering individuals life, please do not allow this legislation to proceed in the State of Connecticut. I strongly believe that there is a merciful God who alone has the rite to call us home when it is our time and it will be at some time "our time

".

Further, can you even envision the abuse that might occur were such legislation were to pass? Please do not allow this to go forward.

Best regards  
Steve M O'Hara
