Dear Members of State of Connecticut's Public Health Committee:

God's sixth Commandment reads: **Thou shall not kill.**

Regarding NO H.B. 5326 I provide the following citizen's written testimony:

1. I urge you to have the title of the bill amended to read in a more transparent and truthful manner. Please amend the wording to read truthfully "An Act Concerning Killing and Murdering Terminally Ill Patients."
2. **Vote "NO" on H.B. 5326.**
3. Respectfully I request a reply to this written testimony.

God Bless America,
