IN SUPPORT OF H. B. # 5327 AN ACT CONCERNING HEALTH FREEDOM AND THE PRACTICE OF CLASSICAL HOMEOPATHY that is now before the Public Health Committee.

March 05. 2014

Good afternoon Senator Gerraatana/Representative Johnson/Public Health Committee members.

My name is Marvin Weil of East Hartford and I would like to speak in regards to my support for H. B. # 5327: An Act Concerning Health Freedom and the Practice of Classical Homeopathy.

I'm a Certified QuickBooks ProAdvisor concentrating on keeping manufacturing local along with helping all businesses but especially Holistic and Eco-friendly practitioners with their intriguing, challenging and unique situations needing to be resolved. Along with two Social Enterprises, I'm working on developing a 'concept' that'll help to "Enhance the Quality of Life" while it stabilizes the economy by supplying information / creating jobs. It's based on 'nutrition' and is the basis for my support of this bill. Also, it'll help entrepreneurs (more business), the state (more tax money) and the taxpayers (pay less taxes) in the long run. While networking and discussing the 'concept' with a fellow Certified QuickBooks ProAdvisor, I was informed about the Holistic Chamber of Commerce. I was lucky enough to be able to help create the first New England Chapter & we've now grown to be the largest chapter east of the Mississippi. The mission of the Holistic Chamber is provide for healthier/happier people living happier/healthier lives on a healthier/happier planet. By allowing Homeopaths who have achieved the highest level of homeopath education & training through national certification to be recognized to practice homeopathy in Connecticut (not forcing them to do business in another state) a 'no-brainer' will be created because it's a "Win Win Win" situation. The 'concept' will create more tools for all Homeopaths & other Holistic practitioners allowing us to attract, bring back, and keep businesses local while increasing the total number of Holistic practitioners in Connecticut. Also, this Bill will be another step in the right direction to bring traditional and alternative medicine closer together. It is very important to have access to local and in-state well-trained homeopaths and other medical providers which will have the best resources available to them so people can make good choices when seeking medical care and not force them to go out of state and to not spend money in Connecticut. I am supporting H. B. # 23 and the Holistic Chamber because all are necessary to make the world better a better place to live.

Thus, I urge the committee to support of HB # 5327. Thank you for your time/consideration.

Sincerely

**Marvin Weil**
