

Subject: Bill #5327

Dear Senator Gerratana and Representative Johnson,

Please support Bill #5327:

An Act Concerning Health Freedom and the Practice of Classical Homeopathy.

I am a Viet Nam Veteran and get care through the Veterans Hospital here in Connecticut. The staff there are great and I am pleased except for one thing. I don't believe in a 100% use of pharmaceutical drugs, but instead prefer a holistic approach which is using other methods that are intended to bring the body's systems back to functioning normally.

Did you know that my homeopathic doctor cannot even write a prescription for blood test strips?

Please support the bill that will give me the freedom to choose, remember I supported you long ago. Thanks,
