

Marty Ryczek HB 5330

To Whom It May Concern,

After several years and much money, the East Haddam school district FINALLY has fields at the HS that we can be proud of, not to mention safe to play on. By contrast, our MS athletic grounds are a waste land of weeds and ruts. While we all in education support keeping children safe, it is my opinion that this proposed bill may actually do more harm than good.

We do not support this action...Thank you.

Marty Ryczek
