

Mira Deshpande HB 5330

My name is Mira Deshpande. I am 11 years old. I am worried about being exposed to pesticides when I play soccer. Please ban toxic pesticides wherever kids may walk and play. My parents never use pesticides on our lawn. We always remove our shoes in our house so that we don't track pesticides in on our shoes. Please help us protect our health. Please pass HB 5330. Thank you.
