Senator Gerratana, Representative Johnson and members of the Public Health Committee

Re. Raised Bill 5285

The members of the Connecticut Speech-Language-Hearing Association support Raised Bill 5285 which would permit The Commissioners of Public Health and Consumer Protection to review and recommend changes to the renewal time of occupational licenses. If this bill is passed we are prepared to supply the Commissioners with any information they may request about the practice of speech-language pathology and audiology that will help them in the decision making process.

Thanks,

Kate Robinson
