H.B. No 5326- An act concerning compassionate aid in dying for terminally ill patients March 16, 2014

Brianna N. Rogers

Members of the Public Health Committee, My name is Brianna Rogers and I am a senior at St. Paul Catholic High School in Bristol. I am writing this letter in opposition to the proposed bill H.B. No 5326- An act concerning compassionate aid in dying for terminally ill patients.

I do not support this bill at all. If it is illegal to kill someone why are we trying to make it legal to help kill someone? We are still killing someone even if they ask for it. If I was to ask someone to kill me and I was not ill at all you would send the killer to jail. When will we stop playing God? Why are we allowing people to have a reason to kill a living human being? I may be young and "not know what is really going on"; but I do and this is not right.

Thank you very much and good luck with your decision.
