Members of the Public Health Committee,

My name is Michael Lowe and I am a senior at St. Paul Catholic High school in Bristol. I am writing this letter in opposition to the proposed bill H.B No 5326 - An act concerning compassionate aid in dying for terminally ill patients.

I hope you will consider my opposition to this bill because it is a crime against human life. We should be helping people who are sad or in pain enough to want to die, not kill them off. I feel as though we as a state would receive a bad reputation from the other 47 states not involved in this activity. As a Christian it is my responsibility to protect life whatever it may be, so I will firmly stand in opposition to this. I hope you see my reasoning, Thank You.
