

Dear Senator Gerratana and Representative Johnson,

I am writing to you to request your support of Bill #5327: An Act Concerning Health Freedom and the Practice of Classical Homeopathy.

I believe the public should have access to practitioners of alternative healing methods such as Classical Homeopathy. The passage of this bill

will allow highly trained and certified classical homeopaths to practice in Connecticut.

My understanding is: An archaic law is preventing these homeopaths from practicing in our State while many other states have free access to

classical homeopathy. Passage of this Bill would rectify this problem. I encourage your support.

In closing I would like you to consider : Why can't our state embrace a healing method with positive and proven results that has worked hand

in hand with traditional medicine for many people in other states and countries throughout the world.

Sincerely,

Nance Roberts
