

Terri Lambert HB 5327

Good Evening Senator Gerratana and Representative Johnson and members of the Public Health Committee,

My name is Terri Lambert and I currently reside in Cromwell, CT. I am writing in support of the Raised Bill 5327: An Act Concerning Health Freedom and the Practice of Classical Homeopathy. I am in favor of Homeopathic Treatments and would love to have the choice of affordable, safe treatments for my family. There is a higher demand for natural treatments and having the accessibility of having a Nationally Board Certified Homeopath to treat my family in a local area would be beneficial for my family and ultimately all people of CT. I work with children having special needs and parents are continuing to have stories of success with their loved ones using homeopathic medication. Please strongly consider your loved ones and the people of Connecticut when voting YES on this bill.

Fondly -  
Terri Lambert
