

John Perry - President 5542

To the Members of the Public Health Committee:

It is the position of the West Haven IAFF Local 1198 that HB 5542 should be modified to include Recommendation 5 of the CT EMS Primary Service Area task force report. It should be the role of the municipality to select who provides EMS within their community. Local 1198 strongly supports the language HB5542 and all efforts to get this provision passed into law.

Sincerely,

John Perry - President

West Haven Professional Firefighters IAFF Local 1198
