

In Opposition to House Bill 5387 An Act Concerning Keno
March 1, 2014

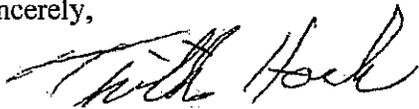

Senator Hartley, Representative Dargan and Distinguished Members of the Public Safety and Security Committee,

I am writing today to urge you to oppose House Bill 5387 AN ACT CONCERNING KENO, which will prohibit the Lottery's implementation of Keno and ask that my opposition be filed with the committee hearing.

Keno will help increase business in the restaurants and retail establishments throughout Connecticut. During these past years of recession, restaurants and other retail establishments have suffered along with many other small businesses in the State. I believe by offering Keno, I will be able to attract new customers and retain customers that like to play Keno in neighboring states.

Please do something to help Connecticut businesses grow, and vote against House Bill 5387.

Sincerely,

Shea's American Bar & Grille

Tim Howly
