**Please Oppose House Bill 5387 - An Act Concerning Keno**

Senator Hartley, Representative Dargan and Distinguished Members of the Public Safety and Security Committee,

As the owner of a restaurant/sports bar, my business is in a very challenging market. Any product that I can offer to make my restaurant to be more attractive to my customer base is another way I can survive and grow in the state.

Keno is one of those items. I know people travel to Rhode Island, Massachusetts and New York to play Keno, yet they could do it in my restaurant! They are spending money that I would like to bring in to my business, town and state.

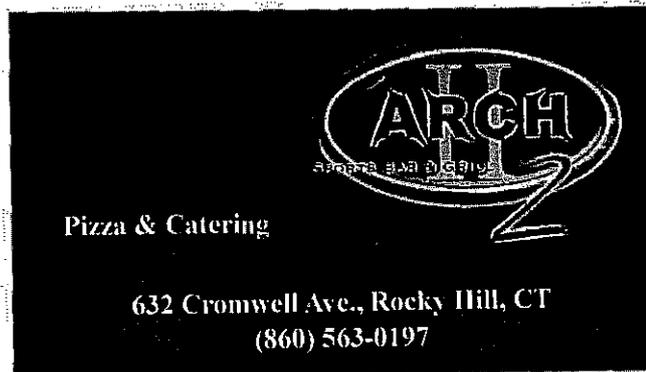

Please do not pass Bill 5387 An Act Concerning Keno, so restaurants like mine have the choice of offering it - if we feel it is in the best interest of our business and customers. The bill takes away another chance of growing if an establishments wishes to use it. Please give us more opportunities and do not restrict our choices.

Keno will offer another choice to those that want it. Please vote against House Bill 5387.

Sincerely,

Tony Uliano  
Arch 2 Sports Bar & Grill  
632 Cromwell Avenue  
Rocky Hill, CT 06067-1843
