Submitted by: Henry N. Talmage, Executive Director, Connecticut Farm Bureau Association

---

*The following testimony is submitted on behalf of the Connecticut Farm Bureau, a statewide nonprofit membership organization of over 5,000 families dedicated to farming and the future of Connecticut agriculture.*

Senator Maynard, Representative Guerrero and Members of the Transportation Committee:

**Raised Bill No. 5288 AN ACT CONCERNING CHEMICAL ROAD TREATMENTS;**

The Connecticut Farm Bureau supports RB 5288 which will require the Commissioner of Transportation to study the corrosive effect of chemical road treatments. We are especially concerned with the potential negative effects associated with use of road treatments without rust inhibitors on our expensive trucks and farm equipment.
