**Subject:** Bill 5288

We cannot attend the scheduled meeting for this bill. We are, however, very worried about the corroding of cars due to the chemicals being used. Our Subaru dealer told us recently that he is concerned with the large number of cars he is seeing needing attention because of this problem. We live on Rt. 44 and have observed that after a snow storm the road is clear but is completely covered in white residue. We appreciate your help. Bruce and MaryAnn Anderson, 37 Greenwoods Rd., Norfolk, Ct. 06058
