My goodness man, use the gas tax for what WE THE PEOPLE want it to be used for...FIXING OUR roads!

I can't say that I'm surprised by our "liberal -water -carrying -politicians", but all I can say is DO THE RIGHT THING.

I'm personally sick of the sneakiness and dishonesty that seems to be the bloodline of today's politicians.

You politicians are crooks... do the right thing and stop screwing the people!
