Subject: Gas Tax

Mr. Neeley,

I writing this letter in strong support of Senate Joint Resolution 23. The gas tax was sold on the idea that all moneys collected were to be used to repair our roads and bridges. This has clearly not been the case. Then we have democratic members of the state legislature and the federal government asking for money to repair our dilapidated infrastructure, when in Connecticut we would plenty of money available if the law would only be followed! I urge all members to support this amendment to the State Constitution and stop using it as a gimmick to help Governor Malloy pretend to balance the budget.

Sincerely,

William S. Tesbir
