

I am an archery hunter from Wyoming but I frequently hunt in other states. In fact, my lifetime goal is to hunt in all 50 states. I have not yet had the pleasure of hunting in Connecticut but plan to do so.

I am in favor of Sunday hunting. If I travel to a state to hunt, I do not want to sit around for a whole day and have no hunting time because some choose not to hunt on Sunday.

It should be a choice to hunt or not hunt. If someone chooses to go to church and stay home I support that choice. I hope that you will support the choice of those who choose to spend their time hunting.

Thank you for your time,
