

**I ask you to please oppose HB 5080 – Sunday hunting  
*with bow & arrow on Private property***

We have the right to at least one day without hunting, considering that bowhunting season in CT begins in mid-September, weather being conducive to outdoor entertainment. There have been numerous incidents of horses, dogs, cats mistaken for deer - yet one may ask how a cat can possibly be mistaken for a deer! Bowhunting is the most cruel blood sport, and one more day of it is unconscionable!

**I oppose HB 5080 – Sunday Hunting!**

Thank you,

Renie Schmidt
