

To Whom It May Concern,

As a resident of Southern CT, a pro-hunter, and Deer Management advocate, I strongly support Sunday bow hunting as proposed in public hearing HB5080.

As a resident of Newtown, CT I can attest to the over-abundance of deer in Southern, CT. Not only will the bill afford bow hunters the opportunity to enjoy the woods and the opportunity to hunt on Sundays, the bill would also enhance deer management in areas like zone 11.

I appreciate all efforts and fully endorse the hearing for HB5080.

Many Thanks,

Rich Speiser
