

My name is Steven McClenning, I am a registered citizen voter in Westport, CT.

I CARE ABOUT ANIMALS.

-I support the Task Force recommendations requiring pet shops to source only rescued dogs/cats (and prohibiting ALL pet shops from selling commercially-bred dogs. This was a task force recommendation but has not been included in the current bill)

-I support A phase out of selling commercially bred dogs.

-I support ONLY Section 2 of HB 5416 whichs prohibits gestation crates.

I am the proud owner of an adopted senior dog, and he is one of the best things to happen to me. He is a "designer dog" who most likely came from a commercial dog breeders and ended up on the streets. Commercially bred dogs is in humane treatment.

Thank you
