

Michelle Murillo HB 5147

"I support

H.B. No. 5147 (RAISED) AN ACT CONCERNING NEWBORN SCREENING FOR GLOBOID CELL LEUKODYSTROPHY AND CYTOMEGALOVIRUS AND ESTABLISHING A PUBLIC EDUCATION PROGRAM FOR CYTOMEGALOVIRUS.

PUBLIC HEALTH COMMITTEE, I was concern when the doctors first told me what CMV would do to my son if he was severely effected by the virus. Now two years later my son Noah Moises Murillo is a healthy little boy that remembers everything he sees. Loves dancing to music, and playing soccer. Other than him being monitored for his first year of life , he is completely healthy, and I'm very thankful for that. The only thing that I have seen that he was effected by the virus, is that he gets sick fast, but I make sure I keep him warn and always eating his vegetable soup so that he can grow up healthy and normal.

Sincerely,

***Michelle Murillo
