HB 5537

March 13, 2014

Dear CT PHC Testimony,

Dear Senator Gerratana, Representative Johnson, and esteemed members of the Public Health Committee:

I write to ask you to strongly support and vote in the affirmative to add bill language for the modernization of the CT Naturopathic physician scope of practice to HB 5537. The language needs to be attached to this bill so it can come before the Public Health Committee for consideration. This Naturopathic scope of practice law is 90 years old and has not kept pace with the significant advances in education and training of Naturopathic doctors in the ensuing decades.

Dr. Kathleen Riley has been our primary health care physician for our family for 25 years. Her naturopathic approach has been powerful and effective, even with the most serious and complicated health issues. Our three children have grown up strong and healthy under her care. Please endorse and expand the scope of all the vitally important naturopathic health practitioners in our state.

Thank you for your support and consideration.

Sincerely,
Arthur Goldweit
