HB 5537

March 12, 2014

Dear CT PHC Testimony,

Dear Senator Gerratana, Representative Johnson, and esteemed members of the Public Health Committee:

I write to ask you to strongly support and vote in the affirmative to add bill language for the modernization of the CT Naturopathic physician scope of practice to HB 5537. The language needs to be attached to this bill so it can come before the Public Health Committee for consideration. This Naturopathic scope of practice law is 90 years old and has not kept pace with the significant advances in education and training of Naturopathic doctors in the ensuing decades.

I am asking you to vote strongly in favor to support the Naturopathic Physician's of Ct. for the modernization of them in practice to HB 5537.

I so much more want to used natural means to help me if needed, and these Physicians who have the trained expertise need to be able to use this knowledge in a more updated means.

Thank you for your support and consideration.

Sincerely,
Christine Dunn
