HB 5537

March 12, 2014

Dear CT PHC Testimony,

Dear Senator Gerratana, Representative Johnson, and esteemed members of the Public Health Committee:

I write to ask you to strongly support and vote in the affirmative to add bill language for the modernization of the CT Naturopathic physician scope of practice to HB 5537. The language needs to be attached to this bill so it can come before the Public Health Committee for consideration. This Naturopathic scope of practice law is 90 years old and has not kept pace with the significant advances in education and training of Naturopathic doctors in the ensuing decades.

My naturopathic doctor correctly diagnosed and is treating my health problem without antibiotics after mainstream MDs failed after over 7 years to provide me relief. NDs need to have a broader range of modalities available to them, in order to help their patients. Please support and vote in the affirmative for bill HB 5537.

Thank you for your support and consideration.

Sincerely,
Jean Connors
