

Jerusia J. Chasse
HB 5537

Hello My name is Jerusia J. Chasse of 132 Mott Hill Road East Hampton, CT I am writing today to oppose HB5537. It is concerning that Speech pathologist would be able to practice ABA without the training and credentials that Behavior Analysts have. As a practitioner myself, I would never attempt to practice speech therapy with my clients, without a speech therapy license. I would expect the same from other practitioners in their field that they would not attempt to go beyond their scope of practice. Supporting this is unethical.
