HB 5537

March 12, 2014

Dear CT PHC Testimony,

Dear Senator Gerratana, Representative Johnson, and esteemed members of the Public Health Committee:

I write to ask you to strongly support and vote in the affirmative to add bill language for the modernization of the CT Naturopathic physician scope of practice to HB 5537. The language needs to be attached to this bill so it can come before the Public Health Committee for consideration. This Naturopathic scope of practice law is 90 years old and has not kept pace with the significant advances in education and training of Naturopathic doctors in the ensuing decades.

I highly recommend Naturopathic Doctors in Ct., I have been going to Dr. Germaine for several years, and I have learned so much about the Natural ways of medicine, and what is good for my body....She has steered me in the right direction , and I highly recommend her to any of my family and friends. She has been a God send to me, and I will continue to go to her for as long as she is practicing . I fully support and vote to add bill language for the modernization of the Ct. Naturopathic physician scope of practice to HB 5537. Thank You,

Sincerely ,  
Nancy Blake

Thank you for your support and consideration.

Sincerely,  
Nancy Blake
