March 12, 2014

Dear CT PHC Testimony,

Dear Senator Gerratana, Representative Johnson, and esteemed members of the Public Health Committee:

I write to ask you to strongly support and vote in the affirmative to add bill language for the modernization of the CT Naturopathic physician scope of practice to HB 5537. The language needs to be attached to this bill so it can come before the Public Health Committee for consideration. This Naturopathic scope of practice law is 90 years old and has not kept pace with the significant advances in education and training of Naturopathic doctors in the ensuing decades.

We have been using naturalistic medicine for over 15 years. We use it to treat many illnesses from minor to major such as sore throats to cancer. Our family has seen results. We support the bill amendment.

Thank you for your support and consideration.

Sincerely,  
todd gosart
