TO WHOM IT MAY CONCERN:

First of all I'd like to say "Thank You" to the Deputy commissioner for attending our Veterans Day meal yesterday. Second like to thank the staff for letting us use our "Rental Hall" for this meeting. Only used for handing out "in my opinion" Mass punishment "like Searches cars. Like to remind the legislator that on behalf of the 23.2 million vets in the USA who served, fought, and died so we could vote you in office. Please we need your help. This is also to Gov. Malloy. A lot of things have to be managed here. We need a ADVOCATE with power so the staff or administration will take heed to our complaints not someone working for the Veterans council we have here is nothing put eye wash like our menus. Been here 11 yrs the WORST meal ever. Thank You for your service. We have telephones that haven't worked in 5 or 6 years all I ask is just take them off wall? So some new person doesn't go to it in a emergency. Telephone numbers by the phones take 18 months to get (over)

Think we need to hire returns workers instead of entering into contract with Easter Seals for clean up. Mike Clark has to release those persons sent to the health care facility on 3rd shift & holidays so help part time for 12 yrs love to go full time he or someone hire. But they will turn to the pool and take 1 shift to break someone in let him or her no system and next site get someone else (pool) and start all over again. Where are all the old antique pool tables refurbished and bring $10,000 apiece. Paul in kitchen is to be getting better food and for dietary needs He says has a diabetic for diabetes but remember he don't eat sher,
