

SMALL BUSINESS IMPACT STATEMENT

Prior to adopting a new section or amendment, Section 4-168a of the Connecticut General Statutes (C.G.S.) requires that each state agency consider the affect of such action on small businesses as defined in C.G.S. Section 4-168a. When such a regulatory action may have an adverse affect on small businesses, C.G.S. Section 4-168a directs the agency to consider regulatory requirements that will minimize the adverse impacts on small businesses if the addition of such requirements (1) will not interfere with the intended objectives of the regulatory action and (2) will allow the new section or amendment to remain consistent with public health, safety and welfare.

This proposed regulation will promote additional flexibility in the production of certain frozen desserts by allowing manufacturers to use alternate approved ingredients. The use of ingredients meeting the latest revision of the "Pasteurized Milk Ordinance" will be allowed, provided that certain safety measures are complied with, as set forth in the proposed regulation. The safety of the resulting frozen desserts will not be impacted. These regulations are not expected to cause any negative impact on small businesses.
