Appropriations Committee Higher Education Sub-Committee, Board of Regents for Higher Education

Fernando Rangel

Dear Lesgeslator.

The REACT program is an important program because it will help me change my future plans. I plan to get a criminal justice degree from MCC but if the government cancels the program it will put my plan on hold. Another reason why canceling the REACT program would be bad is because it will stop any chance that anybody who didn't do well in school to succeed. I think the REACT program changes lives so that people can get a better job and do better. Please, as my fellow students and I, do not cancel the REACT program.

Sincerely,

Fernando Rangel
