

Hello, my name is Josania Dagraca. I am a TOP student at Barnard Environmental Magnet School in New Haven. My zip code is 06516 and I live in Representative Rosa Delauro's district. I would like Representative Rosa Delauro to support the DSS funded Teen Pregnancy Prevention Initiative. The Teen Outreach Program is important to me because it really helps me with my confidence. This program has changed my life dramatically. I know that if I couldn't be able to have this program next year I would be very upset.

Thank you for your time,

Josania Dagraca
