To Whom It May Concern:

I am writing to ask that funding be restored to the regional tourism boards. We live in the Northwest Corner where there isn't very much going on in the way of commerce except for tourism. It is really the cornerstone of our livelihood here in Litchfield County.

Without visitors every facet of our local economy suffers. Please reconsider this budget cut.

Sincerely,

A handwritten signature in blue ink that reads "John Casey". The signature is fluid and cursive, with the first name "John" and the last name "Casey" clearly legible.

John E. Casey
