

Please do not repeal, reduce, or in any way threaten Connecticard, CLC and Grants to Public Libraries. Thomas Jefferson said, "The cornerstone of democracy rests on the foundation of an educated electorate." Our libraries are an important tool to maintain this educated electorate, and they can be used by every citizen from the very young to the very old, and from the very poor to the very rich. You may be surprised to see all the vital community activities taking place at your local library, which depend on these programs.
