

To whom it may concern:

I am a resident of the town of Vernon, CT, and I can suggest other areas of the budget that could be cut instead of DSS. First you could start with cuts to some of the state's top executives, like UCONN's President Herbst. Then you could cut your own pay. Next raise the taxes on the 16 billionaires living in our state who get away with lots of loopholes, and leave the benefits to the neediest residents alone!
