

Governor Malloy, i voted for you but can not support your finding cuts to the 5 regional mental health boards. the regional mental health boards help leverage 23 m. dollars in federal funding; they are responsible for evaluating state funded services for adults with mental illness and addiction; they provide a structure for grassroot engagement; they provide community education for first aid community conversations and other presentations to raise community awareness; they are the best bargain in the system, they reach thousands of lives on a low budget. as an employee of the mental health system i request that do not make any more cuts to the the mental health budget. Helene Wojtowicz BH Cares., Inc.
