AppTestimony  
Sen. Linares, Art  
Senate Bill 816

It's about time that Haddam starts receiving their fair share of education funding from the state!

This under funding puts added pressure on our property taxes, especially us senior citizens, and makes it harder for Haddam to compete for business.

This is a fairness issue and it needs to be fixed.

Thank You,  
Richard Adams  
Higganum, CT
