My name is Nicholas Carl, I'm 9 years old and in 3rd grade at Barkhamsted school. I have dyslexia and dysgraphia. I wanted to tell you 1 thing. School is hard but reading is harder. Guess that is 2 things.

My school did not know I was dyslexic until I was in 2nd grade. My mom found out for them and has been bringing me after school for help.

I read at a 2nd grade reading level but I am supposed to go into 4th grade in 5 months. Will you please help my mom and me because schools hard but reading is harder?

I support the Senate bill 1054.
