Dear Sir or Madame,

We would like to support a Beagle Free Bill. We live in the society against cruelty, torture and abuse. This beautiful dogs deserve to live, they are beautiful innocent God's creatures please give them a chance to live! Beagles are gentle and loving dogs, there are so many families who would welcome them in to their homes, please please give them a chance!

We really hoping for the best outcome of this project. We are as humans, as animal lovers, as parents and children, as Americans asking to free the Beagles and let them live.

Thank you in advance
