

Dear Sirs:

Re: H.B. #6955-An Act Prohibiting the sale and trade of ivory and Rhinoceros horn

Please include my voice amongst those who are seeking a ban on the sale of Elephant Ivory and Rhinoceros Horn in Connecticut. These beautiful creatures are facing a very uncertain future due to the cravings of a very few of the world's population. Those few will deprive the rest of the world of the joys of seeing and knowing such great creatures exist in an unthreatened environment.

Are we a humane society or just mouthing the words. You can ensure that it is more than talk by voting for the passage of this bill. The greater majority of Connecticut will be watching to see if their elected officials are carrying out their wishes. Thank you,
