

Hi,

I vote against Joette Katz reappointment as the DCF Commissioner because of her discrimination against the disabled. Her non-compliance and non-enforcement of the Americans With Disabilities Act Law of 1990 has cost Karin Hasemann and me, custody of our children. As the DCF Commissioner, she has personally, approved the Termination of Parental Rights in our case, which is in direct violation of our federal rights and protections. My case is lingering in the 2nd Circuit Court of Appeals. Also, our case is pending an investigation by the United States Department of Justice in Washington, D.C., Civil Rights Division, Disability Section. We need a commissioner who does not discriminate against the disabled!

See what I mean viewing the recent Boston Massachusetts newspaper article titled, 'State Wrongly Took Child Two Days After Birth'.

Respectfully Submitted,

Joseph Watley
