To the Finance, Revenue & Bonding Committee:

As Connecticut's statewide organization that works to make our state a better place to bike and walk, Bike Walk Connecticut strongly endorses the Governor's proposals to develop and fund a first-rate active transportation network of bike lanes, greenways, multiuse paths, and pedestrian infrastructure in Connecticut. **We urge you to please support HB 6840.**

Bill Young

- Biking and walking are cost-effective ways to reduce traffic congestion, and they're good for the environment, our health, and our economy.
- Bike lanes, sidewalks and greenways cost a fraction of what it costs to build and maintain roads. People want to bike and walk more, but many don't feel safe without bike lanes, greenways and sidewalks. Build them and people will use them.
- Since transportation is the biggest contributor to greenhouse gases in Connecticut, consider that biking and walking couldn't be greener ways to get around. Active transportation must be a key piece of our climate action plan.
- Connecticut's car-dependent lifestyle is not the lifestyle that millennials or the creative class have in mind. A well-designed active transportation network will help bring millennials and the creative class to Connecticut and keep them here, strengthening our economy. Additionally, walkable, bikeable places would boost tourism immeasurably, with benefits spreading throughout our economy.

EXECUTIVE DIRECTOR

Kelly Kennedy

For so many reasons, it's time for Connecticut to become a great place to bike and walk. Please support HB 6840. Thank you for considering our views.

Sincerely,

Kelly J. Kennedy, Esq.
