Re: House Bill 7054

As a current lottery retailer I would like to express my excitement with the news that keno is on a bill to be voted on and possibly launched in CT. We have seen customers come into our restaurant and stay longer and spend more money with the scratch and games available, I have no doubt that keno would increase our guests length of stay therefore increasing our profits and hopefully keep them from feeling the need to leave the state to play such games. I see nothing but a benefit for all parties if this bill is accepted. I feel that with the majority of the surrounding states having keno gives them an advantage that we could easily take back if we were able to offer the same gaming opportunities that they can. I would like to thank you very much for your time and consideration.

Sincerely,

Chad Hervieux
